A little bit different version of the Doobie Brothers Classic, Long Train Running. This version makes it a bit easier for people that aren't so good with their barre chords. But it's also just a really cool arrangement for solo acoustic players!

Tuning: Standard Tuning - Capo 3

Down around the corner half a mile from here
see them long trains run and you watch them disappear

[Chorus]

and the steel rails are cold and hard for the miles that they go down
